AI Adoption
Workshop Series

Building AI capability across teams

5 Sessions   45-60 min each   All Teams

"AI adoption is a **workflow and skills** decision.
Tools follow."

The AI **Adoption Gap**

McKinsey Global Institute, November 2025

90%

of companies have invested in AI

<40%

report measurable gains

> *"Most workflows were designed for a pre-AI world. Applying AI to individual tasks within legacy processes is unlikely to deliver the productivity gains now possible."*
